Subject: Upper Cement Creek/Upper Animas

Brent – I have been assigned to the Upper Cement Creek/Upper Animas site since Mike Holmes retired in August. I'm still coming up to speed on the site but I wanted to let you know that I will be EPA's project manager and look forward to working with BLM and the rest of the ARSG stakeholders.

Steve Wharton and I plan to attend the ARSG stakeholders meeting on November 21st in Silverton. Hopefully the weather (snow) will allow us to tour at least part of the site altho' I will probably have to wait until next spring/summer to get a full tour of the site.

If you have any questions, please feel free to contact me. Thanks.

Paula Schmittdiel
